**FOR IMMEDIATE RELEASE: November 11, 2020**

**OhioGuidestone Offers Free At-Home Parenting Program in Medina, Summit and Lorain Counties**  
***Play-based model infuses joy into parent-child relationships***

BEREA, OHIO, November 11, 2020 – [OhioGuidestone](http://OhioGuidestone.org), one of the largest behavioral health agencies in the state, is looking for parents in Medina, Summit and Lorain Counties to participate in a completely FREE and fun, play-based program for parents and children.

The [Joyful Together](http://JoyfulTogether.org)® program – the agency’s new research-based model that lowers parental stress, improves parent-child relationships and increases childhood resiliency through playing games – is done virtually, completely from the comfort and safety of a participant’s home through video calling

**“These are super useful tools,”** says Sandra, a mother of two. **“As grownups, you’ve forgotten how to play, but these are strategies that help you play.”**

In order to qualify for Joyful Together, parents must have a child(ren) between three (3) months and 10 years of age. They must also be a resident of Medina, Summit or Lorain County.

Program participants will receive a \$20 gift card once they have enrolled and started their play sessions. Those who are interested or want more information should email [research@ohioguidestone.org](mailto:research@ohioguidestone.org) or call 216-339-9941.

**Sometimes you know you want to do things better, but you don’t know how to and this program gives you the skills and tools,”** says Betsy, a mother of six. **“Instead of me coming into the home being all stressed, you come into the home and it’s joyful or it’s happy.**
